

Goal: Identified effective instructional teaching practices will be used in all classrooms.

We will be successful if:

- The Prep teacher uses the InitialLit program to teach literacy effectively.
- Years 1-6 teachers use the Promoting Literacy Development (PLD) program to teach literacy effectively.
- Each class has schedules for Daily Reviews in Maths and English guided reading, and writing.
- All teachers are using identified and proven teaching practices to engage learners.
- Teachers collect and study data to see how well their teaching methods are working.
- Students attend school more and feel better because they enjoy learning.
